### The Position:

Project Officer on life skills education in VET is coordinating activities related to the Project “Develop life skills and healthy behaviours of students in Vocational Education & Training for their development and job readiness” funded by the Austrian Development Agency and implemented by UNFPA Moldova Country Office.

The project aims to support VET students (boys and girls, including vulnerable and with disabilities) to practice safe reproductive health behaviours and adopt a healthy lifestyle. The specific objectives are threefold: 1. VET institutions are enabled to sustainably deliver the *Decisions for a Healthy Lifestyle* course, based on available materials, teacher preparation and friendly learning infrastructure; 2. VET institutions and business companies have capacities to support young people in their healthy development and safe behaviours; 3. VET staff, students, parents and business companies understand and promote the youth right to life skills based health education and reproductive health services. Project Officer will work with 12 VET institutions in Chisinau and in other regions of the country: from South region – Cahul; from Center region – Nisporeni, Rezina, Orhei; from North region – Edinet, Riscani, Balti and with 9 business companies who work with the selected VET institutions within dual education.

In implementing this project, Project Officer on life skills education in VET will work in close coordination with the UNFPA Programme Analyst on Youth, Austrian Development Agency and Ministry of Education, Culture and Research.

You will report directly to the UNFPA Programme Analyst on Youth.

### How you can make a difference:

UNFPA is the lead UN agency for delivering a world where every pregnancy is wanted, every childbirth is safe and every young person’s potential is fulfilled. UNFPA’s new strategic plan (2018-2021), focuses on three transformative results: to end preventable maternal deaths; end unmet need for family planning; and end gender-based violence and harmful practices.

In a world where fundamental human rights are at risk, we need principled and ethical staff, who embody these international norms and standards, and who will defend them courageously and with full conviction.
UNFPA is seeking candidates that transform, inspire and deliver high impact and sustained results; we need staff who are transparent, exceptional in how they manage the resources entrusted to them and who commit to deliver excellence in programme results.

**Job Purpose:**

Project Officer on life skills education in VET contributes to the effective and efficient implementation of the Project “Develop life skills and healthy behaviours of students in Vocational Education & Training for their development and job readiness” funded by the Austrian Development Agency and implemented by UNFPA Moldova Country Office.

This project will engage both VET institutions and business companies at the national level so VET students, in particular girls, have more opportunities for decent employment and reduced transition time to labour market by building their life-skills and being empowered to practice safe and healthy behaviours.

Specifically, the project will focus on the following three areas: 1) enable VET institutions to sustainably deliver the Decisions for a Healthy Lifestyle course using by developing edutainment materials, train teachers and create friendly learning infrastructure; 2) capacitate VET institutions and business companies to support young people in their healthy development and safe behaviours in schools, dormitories and workplace; 3) work with VET staff, students, parents and business companies so they understand and promote the youth right to life skills based health education and reproductive health services.

Project Officer on life-skills education in VET will be leading day-to-day management, including financial and administrative coordination of the project. Your primary responsibility is to ensure that the project produces the results specified in the project documents, to the required standard of quality and within the specified constraints of time and cost.
